December 22, 2009

Dear CertainTeed Roofing Customers:

February 8, 2010 Residential Roofing Price Increase

Please make sure this is distributed to all of the appropriate people in your company

Raw material costs continue to escalate and therefore our costs related to manufacturing roofing products continue to rise too.

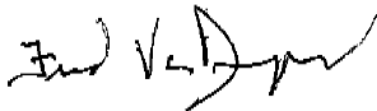

As part of our efforts to responsibly manage these costs, we are implementing a price increase of between 5% and 7% on all residential, steep slope roofing and accessory products, effective February 8, 2010.

Orders shipped on or after February 8, 2010 will be invoiced at the new price regardless of the order entry date.

Your CertainTeed Roofing Territory Manager will contact you with the increase amounts by product prior to the increase. Please contact your Territory Manager with any questions that you might have related to the increase.

I want to assure you that CertainTeed is doing everything possible to control costs and maintain good service to you. I appreciate your understanding and continued support of CertainTeed Roofing.

Sincerely,

Fred Van Dongen
Vice President of Sales
