

INNOVATIONS FOR LIVING™

January 12, 2009

Dear Owens Corning Residential Roofing Customer:

Owens Corning continues to be impacted by raw material and other costs that are core to our business. The continued cost escalations require us to announce an 8% to 11% price increase on all roofing and accessory related products.

This increase will be effective with shipments on or after **March 2, 2009**, regardless of order entry dates. Exact amounts, by product, will be communicated by your Owens Corning Representative.

We will continue to monitor our costs on a daily basis and reserve the right to announce and implement further price changes in amounts and with such notice as may be warranted by these volatile economic times.

A customer bulletin regarding market conditions will be sent under separate cover within the next week.

Be assured that in this time of significant cost increases, OC will continue to aggressively manage our manufacturing and delivery costs.

Thank you for your continued support.
